ReFugees On The Mic Lyrics
Fugees

(Intro: Wyclef Jean)

Yo', check it out, I want all the refugees out there
To just put up your motherfuckin' hands, you know
you're a fuckin' immigrant
Put up your hands youknowwhat!msayin'?
I'ma start this shit off like this, this time around

(Chorus: Wyclef Jean)

H-to-the-A-to-the-I-to-the-T-to-the-I
Live or die, it's nothin' but a dark side
Fugees on the mic, yeah, yeah
Yo', refugees on the mic, oh yeah, oh yeah
H-to-the-A-to-the-I-to-the-T-to-the-I
Live or die, it's nothin' but a dark side
Fugees on the mic, yeah, yeah
Yo', refugees on the mic, oh yeah, oh yeah

(Wyclef Jean)

If you wanna snap (SNAP), if you wanna crack (CRACK)
If you wanna shoot, give me a second so I can lay flat
Cause this, some the cemetary's, the reality
Where the tough guys get buried in their property
Word to Sampson, the tone will get you hung
I had a friend, they murdered his father and his three-
year-old son
I heard him cursin' the essence of the, the (PAUSE)
committed the crime
But ah, murder got no time
The country has no law, it's either rich or poor
I'm out the back door, I got nuttin' to fight for
I'm sailin' on a boat like a goat - I clear my throat
When I got to Brooklyn, I was broke, so I solded coke
I look in through microscope, for my country and the
hurt
My eyes bleed, I see Aaron Steed, the Haitian Pope
Figure or Dundee, the-riginal Malcom X
Swing like the ki's, so should I put on David Tomerfest
Though I'm humberlicious strugglin' to jump
Let me blow her upper-her bubble in your face -

that'cha ego!
Ayyo, freeze-funk, you got to stay stable
Watch out for the devil, he comes after you after the
revival
When will he come, what will he do, what will he say?
That's all a mystery, but have your hand grenade
So you can blow the motherfucker away
Beep, beep, I gotta make a sale so I can eat
So Praswell, grab the mic and be complete

(Pras)

Huh, lovin' the wreck in effect, will be all in checkmate
Another style for Praswell to translate
For those who can't relate to stay down my - no-man
wait
No mistake, when I tell you, your prophet is a fake

(Wyclef Jean)

You said a contract on a Haitian, three-hundred g's
Your sharpshooters are lousy, we mend to-high-be-
high hoodies
So show your face-a when you waste, I know who's
smokin'
The bigger that you try to put out yours just makes me
Mr. Nobody
Take high wit'cha just right, it'll be like Michael get
ordered, a viper you know!!
Yeah, a viper cause you might lose a life to the side by
like
What did I have to in the line of the barkin' of the bright
side
You tried to scare me but I won't mover-a
The bully of the block becomes the hour of the glock
So cuckoo!! The sounds I run are rollin' with the
bodyguard
But don't forget the day it's sunny but it'll be foggy

And in the funeral, you'll be singin' a new tune
May your soul rest on the moon (?Jack in wood
spoon!!?)
In Channel Seven, you said: "Death before Cut"
You killed so many that your conscience ended up -
whattup? (WHAT!!)
Ayyo black men, you're dyin' by a dozen cousin
So all I do is walk away yo' Prince as if nothin'
happened
You call me a punk, I gotta step cause all you did was
flex
But don't get closer cause the kid still gotta keep his
rep
See I'm known for the crew like the jewel was the jewel

Like the follow got the boo, like the miller got the boo
Let the fool cop the man-jewel, suck up, up the ?cool-
lew?
Oh why you got the ha-ha-lew-lew?
I got the rap loose, so sci-bi-dee-bob-bob, you don't
stop
You do the rap-rap, from hip-hop to be-bop, from be-
bop
To beep-beep, the Haitian kid, beeper's goin' off beep-
beep
I gotta make a sale so I can eat, beep, beep
The Haitian kid, beeper's goin' off, you know I got no
time to sleep, so beep-beep

(Chorus: Wyclef Jean)

H-to-the-A-to-the-I-to-the-T-to-the-I
Live or die, it's nothin' but a dark side
Fugees on the mic, YEAH!!
Yo', refugees on the mic, oh yeah, oh yeah

(Pras)

Man, I went to cops the other day to plead for my
innocence
They brought me in another charges of a legal
residents
And L-E-N, on a foreign land, a ????
Watch me go back to my land and then there will be a
thing
Gorillas in the mist, where everything, and the light
becomes a priest
They put up they guard, they pump up they fists
Now I'm number one on they motherfuckin' hit-list..
Goin' down for first degree of manslaughter
Makin' change out of emcee's makin' them outta
quarters
That's they value, that's what they worth
Cause the first shall be last and the last shall be first,
yeah
What we learned was to burn, now cause you c-came
With that machette, it's your turn
It's not funny, but twenty a month is what you earn baby
(We on to the Yankee, pass the mic to the "Yankee")

(Lauryn Hill)

Well I'm as cool to ya the mic I'm checkin' comin' from
my temple
With a message, to deliver, but the back is very simple
I'm the girl "Yankee" rollin' wit' the kids from Haiti
Coolin' as a mighty grab who gets the last laugh
hahaha...
You bite size with my Haitian from they stinks as my

"Yankee"

Wonderin' who was the first to pull over girl as soon as
it came out son

My history - a hypocrite, so what we gonna do?

The dope is dope is only get the man since that is true

So hip-hip with my lip as I rip with a felt tip

With a righteous situation, interpretation, a graduation

Your ventilation, and education, segregation,
emancipation

A capitalization, it's agration, not separation, ya breath
the Haitians...

H-to-the-A-to-the-I-to-the-T-to-the-I...
