Lauryn: Brethren don't cut me when i'm going. I don't hear myself. We bout to drop, drop drop drop. You can bring the beat up a little bit in the headphones. Bring the beat up a little bit. We bout to drop. We bout to drop, drop, drop, drop.

L-Boogie:

I got moxy, I'm so d**n foxy
Industry try to block me like cops and paparazzi
Full stop, Don't copy, Just cop me properly
Everybody same policy, universal equality
Responsibility, polity, to survive economically
Some people do it comically, Fruits of freedom,
equality
Invest your money properly, people own me apology
Intellectual property, stealing stolen commodity
Souls searching or controlling and robbery, Cold lack
of comradere
Clones, Copy-cats bother me, Mine, Own, Blind cats,
follow me
Honesty, honesty, honestly, all these jokes are
common-league
Puppets with no autonomy
Yup it's Fugees Entirely

Chorus

I see you looking but you better take it easy
Tell your crew I said tell em take it easy
Here's come the rocket launcher, you better take it
easy, take it easy, take it easy
(Lauryn: too sleazy)
Too much ex mami, take it easy
Good with the sex mami, you'll be like, take it easy
Ay papi, better take it easy, take is easy, take it easy

Clef:

You movin bricks but you better take it easy
Here's a tip, you're too flashy
I don't tip twice, but you best friend he DT
And that dog sniffin in the back ain't Lassie
And I ain't rhymed in a minute, but ya'll ain't catch up
And that ain't blood on your shirt, man that's ketchup

(That's ketchup)
Picture Clef getting a writer to give him help
I'd rather kill myself become a ghost and write for
myself (OH MY GOD!!)(***see C)
Cuss I'm the top celebrity, top celebrity, top celebrity,
MC (Bing!)
I flow for the thugs, gypsies, and hippies (Bing!)
A ghetto maestro with a Nat Turner flow (Bing!)
Malcolm X come out, hit the Klu Kulx Show
(SHOOWOOWOO)

Chorus

I see you looking but you better take it easy
Tell your goons that they better take it easy
Here's come the rocket launcher, take it easy, take it
easy, you better take it easy (Lauryn: too sleazy)
Too much ex mami, take it easy
Good with the sex you'll be like take it easy
Ay papi, mami take it easy, take is easy, you better take
it easy

L-Boogie:

Don't you know
Originals get plagerized, majors minors, must
supervise
Haters, Climbers get scrutinized, Placaters, Blind and
stupid guys
Wicked people choose homicide, Dregs of society
heathen dem
Beggars, bogus misleading dem, Nigra, Negro,
Negrito dem
Angelitos con libre dem, Chico's, Chica's completing
them
Addiction, fiction, bleeding them, capitalism eating
them,
Misunderstanding cheatin them, The ignorance
defeating them
True loyalty is leaving them, got royalty believing them
Eyes open deceiving them, Reconciling, Receiving
them
Reckless driving and grieving them, Matthew Andrew
and Peter them
(Slow down)
We bout to reconcile (repeat)
We bout to reconcile (reconcile)
We bout to reconcile(recon, recon, reconcile)
We bout to reconcile, (tell em to give off my style) (Slow
Down)
We bout to reconcile (reconcile like Public Enemy)
We bout to reconcile (Slow Down) (reconciliation) (tell
em to get off my style)

We bout to reconcile (running with my crew again)
We bout to reconcile (Slow Down) (tell them to get my
off style) (repeat)

Pras:

Stop the track, what ya'll thought I wasn't coming
Been in the L.A., few flicks, few millions
Back with the Fugees, foo-fighting for a few billions
Dub plate dealing, sound boy killin
Anything we do, we want that cap for me realin?
Angelo, Simone, Michelle, you know them willin,
Can't fight the feelin, when I pull in the SFR, every girl
love's a ghetto superstar (that's Pras baby)
Run hip hop like pin stripe Lees and
I got love for my crew like Big had for Cease (C's)
Pull and squeeze on these MC's,
I don't really wanna do it, take it easy

I see you looking but you better take it easy
Tell your goons that they better take it easy
Here's come the rocket launcher, take it easy, take it
easy, you better take it easy (Lauryn: too sleazy)
Too much ex mami, take it easy
Good with the sex you'll be like take it easy
Ay papi, mami take it easy, take is easy, you better take
it easy
We got L-Boogie in the house (Lauryn: what)
Prazwell in the house,
Clef,
Jerry Wonder, yeah

Big Ro (Rohan) I see you in the back
Let's get this thing started
Let's stay focused, focused, focused, focused

Oh, If you don't know what's goin on man
The Fugees back on the street, serious thing right now
You scared yet, ah pack your dibby dibby dub box
