Yo, this is the Fugees, refugees about to take you on a
journey
Into the dimensions of The Booga Basement, The
Basement, word
Hey yo, one two three, the crew is called ReFugees
And if you come fa tes the rap stylee
Stop the violence and just bring it on, wild

Hey yo I, feel kind of melancholy people think they
really know me
I keep a wrap about me while I'm driving daddy's Audi
I pay the toll fighting for my own soul
'Cause the bourgeoisie type of mental sucks like a flat
comb

But I be baitin' the rebel base to bass distort the EQ
The devil's wishin' they could send me back to
Mogadishu
Cause I've been wild since I was a juvenile
Afro-centric profile, back when righteous rap was your
style

Now kids are whylin' so I ask the bad black
Boogie bandit, what's the damage, gimme the
estimate then
Pray tell me when's the revolution will begin?
I turn on my TV, I check out Farrakhan on CNN see

I'm like the phantom that's flyin' like the bird do
And things you never heard plus I come from the
suburbs
Word to God, I heard you're acting kind of hard
And you got your skin scarred when they was shootin'
on the boulevard

(You got the vocab)
I got the vocab
(Underground got the vocab)
You know we got the vocab
(All my peeps got the vocab)
Yeah, we got the vocab
Aiyyo Praz, grab the mic and show you got the gift of

gab

Then cast off from here to Mexico
You see my four-five-six a-be my Celo
And when I rest my head is on a pillow
Be-ba-dee-be, be-dee-be, be-dee-be-bo

You see the skills I manifest is very tho-rough
And if you don't believe me ask Freres Jacques
Freres Jacques, Freres Jacques
A dorme vous? A dorme vous?

Watch out now when I choose to speak
I'm forming the cipher fly East to the Five Percenter
Knowledge is born, to all beginners
Cast the first stone, if you feel you ain't a sinner, ah

Say, our Father, who art in Heaven
Forgive the foolish rapper for he not know how Fugee
be steppin'
Correct and, stopped and kept in, nuff respect to the
DJ, that be selectin', the type of record ah

Check it out, here we go
Back in Eighty-three, no one wanted to be nappy
I turn on my TV, it's a dreadlock for free
Kill the gimmick it's nonsense, it's no sense or value

A rapper, disaster, nobody ever told me that
"Roxanne, you don't got to work for money no more!"
and
Back in the days I used to listen to Kool G Rap
Way back when before guns became gats and

Run-DMC used to ask Mary was she buggin'?
I loved P.E., they kept me conscious of what I was sayin'
Afrika Bambaata, Poor Righteous Teacher
Got within myself so it made me a Five Percenter

Say La-di-da-di, we like to party but
My jam was BDP, with My Philosophy
Say Grandmaster Flash, MC Melle Mel

Then LL Cool J came with Rock the Bells

See I'm the one for the crew, like a Jew is a Jew
Like Apollo got the moon, like the men who got the blue
Like the Fu got the Manchu, Chaka got the Zulu
Hawaii got the Honolulu

I got the rap lieu, so skippedy-de-bop-bop you don't
stop
You do the rock-rock from hip-hop through be-bop
From be-bop to bee-bee

(You got the vocab)
