She says she knows something,  
About the way she makes me feel,  
But I guess it's no big deal,  
Cause tonight I'd like to try something  
That has nothing to do,  
With seeing you,  
Cause' she's so afraid of letting me,  
Call out her name,  
I know nothing will be the same,  
So far now I won't be so sorry,  
For not wanting to be alive,  
But I'll be inside tonight,

Cause she just wants to be alone,  
And I know I can't bring her home,  
So silently we are in between,  
But turning around,  
'Cause it's bittersweet to me,

It's all been done,  
Let's go runaway,  
And Find A place to stay,  
Actually, I don't want to,  
Cause you broke my heart in two,  
And that's when I called you,

Look at me now I'm calling your name,  
And sorry if it hurts, but that's so lame,  
When lightning will strike you'll find,  
I'm not one to believe your lies,  
And my heart can't take it light,

It's all been done,  
Let's go runaway,  
And Find A place to stay,  
Actually, I don't want to,  
Cause you broke my heart in two,  
And that's when I called you,

She says she's got a place to stay tonight,  
Well I don't care, and I guess that's alright,

So don't try to hide cause I don't like  
You when you act that way, and what did I say?  
Now you're coming back again

It's all been done,  
Let's go runaway,  
And Find A place to stay,  
Actually, I don't want to,  
Cause you broke my heart in two,  
And that's when I call...  
But she just wants to be alone,  
And I know I can't bring her home,  
So silently we are in between,  
But turning around,  
'Cause it's bittersweet to meee...
