Life to you means nothing,
Now I'm done associating,
But I'm in and life is all,
I'm in and life is all I want it to be.

It's not enough, the colors fill the sky,
I'm falling down, so pick me up tonight.

I'm taking you down with me,
Cause I'm not falling apart,
Without knowing you're burning,
When you know I would,
Never try to find,
Something that will save me,
Cause I'm a lie, I'm a lie, I'm a liiiiiiieee!

Life to you means nothing,
Now I'm done associating,
But I'm in and life is all,
I'm in and life is all I want it to be.

Say it again, the window is my sky,
So pick me up, it's gonna take me high.

I'm taking you down with me,
Cause I'm not falling apart,
Without knowing you're burning,
When you know I would,
Never try to find,
Something that will save me oh.

I'm taking you down with me,
Cause I'm not falling apart,
Without knowing you're burning,
When you know I would,
Never try to find,
Something that will save me,
Cause I'm a lie, yea I'm a lie, yea I'm a lie, I'm a
liiiiiiieee!
