I don't wanna feel like,
Everything I fear is coming true,
Cause yeah, I'm a darker shade of blue.

Cause now you make it seem like,
You're having trouble figuring it out,
And yeah, it's always been that way,
Now we're gonna bring back,
everything that got us here today,
Cause yeah, it's always been that way.

Sometimes I'm maybe disconcerting,
When you do wrong, yeah,
By the way, we'd take it away,
Sometimes I make it inconvenient,
When you do wrong, yeah
By the way, we take it away,
Cause now you're taking control,
Of everything that I've done wrong,
And now, I'm trying to find a way.

I don't wanna feel like,
Everything I fear is coming true,
Cause yeah, I'm a darker shade of blue.

Sometimes I'm maybe disconcerting,
When you do wrong, yeah,
By the way, we'd take it away,
Sometimes I make it inconvenient,
For you to love, yeah
By the way, we take it away,
Cause now you're taking control,
Of everything that I've done wrong,
And now, I'm trying to find a wayyyy!
