Sometimes I wonder
If it's real or just me
I think I could try harder
But nothing seems quite as easy

(Chorus)

I think I'll finally let it go (it's time, it's time to let it all...)
The colour that feels more like blue (it's time, it's time
to let it all...)
You know you can't call me that name anymore
And I know it's not easy, but it's what you're looking for
So when I see you making out behind the door
Remember this year I'll be standing there alone,
ooooooh, ooooooh

You know I'll never
Be quite good enough for you
But what I find amazing
Is that neither will you
Cuz today means nothing
And I stand underneath my fears
Cuz I can make you happy
If you wanted to stay here

(Chorus)

I think I'll finally let it go (it's time, it's time to let it all...)
The colour that feels more like blue (it's time, it's time
to let it all...)
You know you can't call me that name anymore
And I know it's not easy, but it's what you're looking for
So when I see you making out behind the door
Remember this year I'll be standing there alone,
ooooooh, ooooooh

(Chorus/end)

I think I'll finally let it go (it's time, it's time to let it all...)
The colour that feels more like blue (it's time, it's time
to let it all...)
You know you can't call me that name anymore
And I know it's not easy, but it's what you're looking for
So when I see you making out behind the door
Remember this year I'll be standing there alone,

oooooh, ooooooh, ooooooh
(You know you can't call me that name anymore
And I know it's not easy, but it's what you're looking for
So when I see you making out behind the door
Remember this year I'll be standing there alone)
