A hundred days had made me older since the last time that I saw your pretty face
A thousand lights had made me colder and I don't think I can look at this the
same

But all the miles had separate
They disappeared now when I'm dreaming of your face

I'm here without you baby but your still on my lonely mind
I think about you baby and I dream about you all the time
I'm here without you baby but your still with me in my dreams
And tonight it's only you and me

The miles just keep rolling as the people leave their way to say, hello
I've heard this life is overrated but I hope it gets better as we go

I'm here without you baby but your still on my lonely mind
I think about you baby and I dream about you all the time
I'm here without you baby but your still with me in my dreams
And tonight girl it's only you and me

Everything I know, and anywhere I go
it gets hard but it won't take away my love
And when the last one falls, when it's all said and done
it get hard but it won't take away my love

I'm here without you baby but your still on my lonely mind
I think about you baby and I dream about you all the time
I'm here without you baby but your still with me in my dreams
And tonight girl it's only you and me
