"So Small"

What you got if you ain't got love
The kind that you just want to give away
It's okay to open up
Go ahead and let the light shine through
I know it's hard on a rainy day
You wanna shut the world out and just be left alone
But don't run out on your faith

'Cause sometimes that mountain you've been climbing
Is just a grain of sand
And what you've been out there searching for forever
Is in your hands
And when you figure out love is all that matters after all
It sure makes everything else
Seem so small, yeah, yeah

Sometimes that mountain you've been climbing
Is just a grain of sand
And what you've out there searching for forever
Is in your hands
And then you figure out love is all that matters after all
It sure makes everything else
Oh, it sure makes everything else
Seem so small

Yeah, yeah
