(Can somebody help me)

I'm being haunted by a whisper
A chill comes over me
I've been trapped inside this moment
I'm not victim, I'm not a freak

Free me
before I slip away
Heal me
wake me from this day
Can somebody help me

I've seen the face of my affliction
of my reality
I'm being tortured by the future
of things that yet to be
I'm being haunted by a vision
it's like the morning never comes
I feel the burden of confusion
always searching... on the run

Free me
before I slip away
Heal me
wake me from this day
Can somebody help me, somebody help me...

Now I'm not a hero... no
but the weight of the world's on my soul
these imagines burn in my eyes
they're burning me up inside

Free me
before I slip away
Heal me
wake me from this day
Can somebody help me
Free me
before I slip away
Heal me

wake me from this day
Can somebody help me, somebody help me,
somebody help me....
