Wash off your make-up
You've laid it on too thick
You've found a new love
The last one lost it's trick

How much more before
Before I hit the floor

Chorus:
We are... so tragically beautiful (repeat 4x)

Take off all of your clothes
Your baggy jeans and all
Why can't you just expose
What's underneath it all

How much more before
Before I lose it all

Chorus:
We are... so tragically beautiful (repeat 4x)
