Verse 1:

Night fades away to sunlight
There's a part of me that I left behind.
Sweet words you said to convince me.
Promises you made in the darkness.

Pre-Chorus:

And you lie to me, lie to me
All you ever do is lie to me.
And you cry to me, cry to me
Did everything you could to get a part of me.
And you lie to me, lie to me
All you ever do is lie to me.
And you cry to me, cry to me
Did everything you could to get a part of me.
And you cry to me, cry to me, cry to me.

Chorus:

And now
I feel like all the world is coming
Down
I feel my feet are sinking in the ground
Hate myself
Cause I want you so bad
You bring me down, down, down.

Verse 2:

Lost in a dream
I was alright
Caught like a fool in your spotlight
Lost in your world
just like a school girl
Doin bad things
to you...yeah

Pre-Chorus:

And you lie to me, lie to me
All you ever do is lie to me.

And you cry to me, cry to me
Did everything you could to get a part of me.
And you lie to me, lie to me

All you ever do is lie to me.
And you cry to me, cry to me
Did everything you could to get a part of me.
And you cry to me, cry to me, cry to me.

Chorus:

And now
I feel like all the world is coming
Down
I feel my feet are sinking in the ground
Hate myself
Cause I want you so bad
You bring me down, down, down.

Bridge:

And we should say goodbye, love
I'm tired of hanging out, love
I'm sneaking out your window
For the last time
Yeah we should say goodbye, love
There's nothing left to hang on
I'm walking out your backdoor
For the last time.

Chorus:

And now
I feel like all the world is coming
Down
I feel my feet are sinking in the ground
Hate myself
Cause I want you so bad
You bring me down, down, down.
