Winter winds have gone and faded
October skies of thoughts of grey
Tears upon my pillow layin
A child lost to pain
I pray for better days

Show me the way
We all got to leave the darkness
Let your light shine down on me

Show me the way
Won't you come and save me
With your light

Hand of hope come and change me
Out of ashes make me whole
Lift me up and recreate me
And help me overcome myself lead me from hell

Show me the way
We all got to leave the darkness
Let your light shine down on me

Show me the way
We've all got to leave the darkness
Let your light shine down on me

Show me the way
Won't you come and save me
With your light

Show me the way

I'm rising up,
I'm moving on
Give me strength to carry on
I feel the light upon my face

I hear the angel's words of grace
My broken wings learn to fly
Lift me up and justify

I'm standing up

I'm standing out
I feel the walls come crashing down

Show me the way
We all got to leave the darkness
Let your light shine down on me

Show me the way
We've all got to leave the darkness
Let your light shine down on me

Show me the way
Won't you come and save me
With your light
