Can somebody help me

I'm being haunted by a whisper
A chill comes over me
I've been trapped inside this moment
I'm not a victim, I'm not a freak

Free me
Before I slip away
Heal me
Wake me from this day
Can somebody help me?

I've seen the face of my affliction of my reality
I'm being tortured by the future of things
that are yet to be

I'm being haunted by a vision
It's like the moment never comes
I feel the burden of confusion, always searching...on
the run

Free me
Before I slip away
Heal me
Wake me from this day

Can somebody help me?
Somebody help me

Now, I'm not a hero...no
But the weight of the world's on my soul
These images burn in my eyes
They're burning me up inside

Free me
Before I slip away
Heal me
Wake me from this day
Can somebody help me?

Free me

Before I slip away
Heal me
Wake me from this day
Can somebody help me?
Somebody help me
Somebody help me
