Where did you go?  
When you let me go?  
I waited for you in a special place  
Ohh, no no no no no  
Cold blue eyes turn to stone  
You break the vein and bruise the bone  
It feels so dull

Where did you go?  
When you let me go  
I waited for you in a special place  
You gravitate, it lifts us all  
You hold the hand that made you fall

Where did you go?  
When you let me go  
I waited for you in a special place  
Oh no, I fall in the darkness  
You cannot find your way home, you cannot find you

I waited for you in a special place  
And flowers died, you know they cannot grow  
With no light no

Where did you go?  
When you let me go?  
I waited for you in a special place  
(You you)  
(In a special place)  
And flowers died, you know they cannot grow  
With no light  
(Without your, without your light)

Where did you go?
