More much more I have to know
All is gone without control
I'm searching for something to buy
'cause I've seen my life go flying by
Now I just wanna be a different man
'cause this mirror lets me understand
that I have no more control of what I am!

Many things I have to learn
what to do to keep you in reserve
I'm searching for someone to buy
Would you be my wife just for tonight?
Well I just wanna be a different man
'cause this mirror lets me understand
that I have no more control of what I am!

Come, together

Come, I could love you
Come, however
Let me sink into your body
Come, together
Come, I just want you
Come, forever
Let me swim into your blood

Come, together
Come, I can feel you
Come, whatever
Is your smell drivin' me crazy?

Come, together
Come, 'cause I need you
Come, forever
Let me swim into your self
Just come... come... come... yeah!

And I swim...
Can you feel it...?
Can you feel my body...?

More much more I have to know
