"Master Of My Soul"

Indoctrination far beyond reality, manipulations of the human kind.

Now the world has faced control, living in the grip of fortune 500.

I'm learning to be the king of my mind, and master of my soul.

Wisdom of magic in my eyes, like the Princess of the swords.

Phantom of universe, symbolized eternity.
Watching the ashes from their holy sin.

The golden dawn will make the spell,
vivid force of Thoth in Crowley's holy grail.

If I ever got exposed, my revelation then will soar.

I'm learning to be the king of my mind !
Wisdom of magic in my eyes !

Princess of the'swords.
