Ah...

Trying to hide the pain, that I've recieved
From trusting in this world again
I don't need them, and their foolish ways
They tell me I'm not quite normal, so be it

(Pre-Chorus)

Tell me, again,
about how it's gonna be one day

(Chorus)

Teach me (teach me)
Your ways (Your ways)
And I will follow You
follow You...oh,ah, ah, ah, ah, ah, ah, ah

This world has got me down, and I can't see anything
That resembles You, huh-uh
And I try so hard, to shine for You
But this world just swallows me
and my light slowly fades

(Pre-Chorus)

(Chorus)
