You play the fool
And keep the world so far away from me
And then you tell me all the lies
And all the things you think you want to see

And we can see it in your eyes
That's all that's ever on your mind
And you think I'm gonna help you
And not this time

Nothing ever lasts forever
(I'm tired of complaining and all your silly games)
Nothing ever lasts forever
(So wont somebody tell me we why you're playing with
my mind)

So you take me for the child
And write down what it is you want from me
And you give me all the bull
And tell me all how good you think we'll be

And with the paper in your hand
Your expertise and lyrical rhyme
And you think I'm gonna help you
And not this time

Nothing ever lasts forever
(I'm tired of complaining and all your silly games)
Nothing ever lasts forever
(And you think I'd climb you mountains if you wanted
me to)
Nothing ever lasts forever
(And I know you mean well deep inside)
Nothing ever lasts forever
(So wont somebody tell me we why you're playing with
my mind)

(BRIDGE)

Nothing ever lasts forever
(I'm tired of complaining and all your silly games)

Nothing ever lasts forever
(And you think I'd climb you mountains if you wanted
me to)
Nothing ever lasts forever
(And I know you mean well deep inside)
Nothing ever lasts forever
(So wont somebody tell me we why you're playing with
my mind)
