Music: Aris/Cottura

Lyrics: Aris/Cottura/Hardison/Browarczyk

Chorus:

We are the world

We're all the same

If you're black or white

You got to play the game

We are the world

We're all the same

If you're black or white

We are still the same

The world yes yes the world is screaming

I am so scared of the things that I'm dreaming

Oh my Lord I'm looking for protection

No hate no war I need no satisfaction

I wanna see the world full of peace

Love and help is what I need

So come c'mon and sing these simple words

Try to understand 'cause

We are the world

We are the world we are the same

If you're black or white red brown

We're still the same

Live your short life as friends

Fight against hunger

Stop the violence

Do what you wanna do

It's up to you

Keep on going your way

Try to find the truth

So keep this in your brain

We're all the same

Chorus

Oh yeah

Runnin' like a church house mouse

The fire of peace

We adjust and won't pose

Livin' together stayin' together what's the matter

With a little bit of whatever

Got to get a little wiser

Keep holding the faith

And protect the flames of the fire

What's it all about
Hell we'll never know
Don't make no difference
We all got to go
So I'm makin' my way
In the right direction
Hopin' I make it
Even don't ask questions
Cause we all got to move in the right way
Do it the right way
Some do it the wrong way
What goes up just must come down
Ridin' round and round like a merry go round
We are the world, we are the world, we are the world
Chorus
