Lady-I'm tired of trying to game  
(background:Game)  
Man-I'm tired of chicks  
Lady I just wanna ask, excuse me  
I just wanna ask one question  
Another Lady-What, What girl  
Lady-Why Can't men commit?  
Man-commit to what  
Lady-To relationships  
Man-we ain't got to commit, i mean it just your man  
(background:Laughter and talking)  
Man-you gonna let him say that, most women don't  
know nothing about relationships  
What do most women know about relationships  
Only thing they want is a ring, and get married and be  
happy and to tell all there girls  
Lady-what men want is the trick all there life, that's  
what ya'll want  
Man-the first time you stay out all night  
And you come in 4,5o'clock  
Your g/f says you was out with another woman  
You could of been out playing playstation  
(Background: Laughter)  
Man-Am I right, Don't get quiet now  
(talking over him))Lady-Obviously, she wants to spend  
time with you  
Man-everyday we married baby,everyday we married  
(Background-Laughter)  
Lady-that's why,see you the kind of people that get  
there house burnt down
