Time is driftin', this rock has got to roll  
So I hit the road and made my getaway  
Restless feeling, I really gotta hold  
I started searching for a better way

And I kept on looking for a sign in the middle of the  
night  
But I couldn't see the light, no I couldn't see the light  
I kept on lookin' for a way to take me through the night  
But couldn't get it right, no I couldn't get it right

LA fever, made me feel alright  
But I must admit it got the best of me  
Gettin' down, so deep I nearly drowned  
I can't get back to where I used to be

And I kept on looking for a sign in the middle of the  
night  
But I couldn't see the light, no I couldn't see the light  
I kept on lookin' for a way to take me through the night  
But couldn't get it right, no I couldn't get it right

New York City, took me with the tide  
I nearly died from hospitality  
Left me stranded and took away my pride  
Just another know it all fatality

And I kept on looking for a sign in the middle of the  
night  
But I couldn't see the light, no I couldn't see the light  
I kept on lookin' for a way to take me through the night  
But couldn't get it right, no I couldn't get it right

And I kept on looking for a sign in the middle of the  
night  
But I couldn't see the light, no I couldn't see the light  
I kept on lookin' for a way to take me through the night  
But couldn't get it right, no I couldn't get it right

And I kept on looking for a sign in the middle of the  
night  
But I couldn't see the light, no I couldn't see the light

I kept on lookin' for a way to take me through the night  
But couldn't get it right, no I couldn't get it right
