I was working at the club
In 1995
Sunday was the night
That the gay club came alive
See, I would carry ice
And the crowd was just so nice
That my phobio drownd
Mah, I was getting down

(Chorus:)

I met the finest girl in my life
That night, at GAY NIGHT
I met the finest girl in my life
That night, at GAY NIGHT
GAY NIGHT, it's alright, don't be uptight

See, halfway through the evening
I saw this woman gleaming from across the room
See, she was with some guys, but when she gave me
the eyes
I knew she was just their freind, hanging out on the
weekend

Chrous:

I met the finest girl of my life
That night, at GAY NIGHT
I met the finest girl of my life
That night, at GAY NIGHT
I met the finest girl of my life
That night, at GAY NIGHT
I met the finest girl of my life
That night, at GAY NIGHT
It's alright, don't be uptight

(reapete: 5x)

I met the finest girl of my life
That night, at GAY NIGHT
It's alright, don't be uptight
