I fell from my rope  
My vision is cloudy  
The outlook is lousy  
I hope I find the strength to go on

I fall to my knees  
To look for an answer  
Find out what the chances are  
That I'll make it on home

I think of how it all went wrong  
Down that shitty part of town  
It keeps me up all night long  
And despite my little song  
Life keeps going on  
And despite my little song  
Life keeps going on

I'll go to my grave  
Knowing that you loved me  
And the cards life had dealt me  
Weren't so bad after all

Well, I have been wronged  
And Lord, I've been deceived  
But the love I gave to you  
Was twice received

I think of how it all went wrong  
Down that shitty part of town  
It keeps me up all night long  
But despite my little song  
Life keeps going on  
And despite my little song  
Life keeps going on

Come on now

I think of how it all went down  
In that shitty part of town  
It keeps me up all night long  
And despite my little song

Life keeps going on  
Then despite my little song  
Life keeps going on

And despite my little song  
Life keeps going on
