My man was workin' at the seafood spot
Sellin' fish 'n chips and dealin' bags of pot
Dressed in a pirates uniform and all
Lookin' like a fool, headin' for a fall

He was walkin' home late one night, God bless
Heard the scream of a woman in immediate distress
[Unverified]
He headed down the alley hoping for the best

He saw the girl who was screamin' her mouth beat shut
Two guys standin' by her 'bout to get fucked up
He said you don't hit the bitches while I'm still alive
Stabbed on in the neck, the other in the eye

The girl ran home, told her daddy she was saved
By a pirate with a shiv and a real smooth way
The vision of the pirate would surely never fade
So she called the New York post and tried to get paid

Super hero, you're my super hero
Super hero, you're my super hero

Now the story ran the following day page two
But swashbucklin' in Brooklyn is all he want to do
I tried to sit him down and think things through
But swashbucklin' in Brooklyn is all he want to do

Now he was havin' problems like diving without
drowning
The city, the cops, the mob trying to stop him
He needed a psychic that's where I came in
Tell his story to the world, help him with his shit

We cruise down the river, patrolling the docks
Deliverin' justice to eight square blocks
Brooklyn was safe, nobody got shot
We used swords and daggers and kung fu what nots

This kinda shits [unverified] had no choice
Doin' it for free like the village voice
This ends my first installment of the story

He was good kicking ass but bad with the glory

Super hero, you're my super hero
Super hero, you're my super hero

Super hero, you're my super hero
Super hero, you're my super hero

We cruise down the river patrolling the docks
Deliverin' justice to eight square blocks
Brooklyn was safe, nobody got shot
We used swords and daggers and kung fu what nots

This kinda shits [unverified] had no choice
Doin' it for free like the village voice
This ends my first installment of the story
He was good kicking ass but bad with the glory

Super hero, you're my super hero
Super hero, you're my super hero

Super hero, you're my super hero
Super hero, you're my super hero

Super hero, you're my super hero
Super hero, you're my super hero

Super hero, you're my super hero
Super hero, you're my super hero
