There you are
With hands wrapped around him
What do I say
Do I give you away

Look at me
Are you gonna set me free
Let's find out

As she Comes
And she Goes
Walk on woman
You'll never leave alone
You just leave me on my own
Walk on woman
I know your danger prone
And I'll never get you home

I've come so far
You'd never of thought
But i don't care
Now I've got you caught

Your looking at me
I see your jealousy
It will never be
As she Comes
And she Goes
Walk on woman
You'll never leave alone
You just leave me on my own
Walk on woman
I know your danger prone
And I'll never get you home

All the times you ran away
All the time you said you stay
Forever in my heart

As she Comes
And she Goes
Walk on woman

You'll never leave alone
You just leave me on my own
Walk on woman
I know your danger prone
And I'll never get you home
