Unspoken words
You know just what to do
The rhythm moves like
Second nature to you
So primitive, it fits you like a glove
Instinctive as to making love
Let's go

Before the groove hits
The move you want it to
And Uncle Funk wants
It over tonight
So, just dance along to
Wherever they take you tonight
You just bang it all up and out
Bang it all on time...

Let the beat, let the beat be your lover
Free your mind, let the beat take you over
Throw all inhibitions up into the wind

Let's go bang... I wanna go bang
Let's go bang... I wanna go bang
Let's go bang... I wanna go bang
I wanna...

Well, if you move to the groove
The way I do
There's nothing else in the world
That compares
And if you dance to release the part of you
That keeps telling you to be free
Let it take you there...

Let the beat, let the beat be your lover
Free your mind, let the beat take you over
A groove premonition your feet can't ignore

Let's go bang... I wanna go bang
Let's go bang... I wanna go bang
Let's go bang... I wanna go bang

I wanna...

Oh in the air tonight
There's breathing in the wind
Oh in the air tonight
The beat is; it's going on
It's going on, it goes
Let the beat, let the beat be your lover
Free your mind, let the beat take you over
A groove preminition your feet can't ignore

Let's go bang... I wanna go bang
Let's go bang... I wanna go bang
Let's go bang... I wanna go bang
I wanna...
