"New Generation Of Kids"

We're standing strong through thick and thin
United as one, united and proud
We're the youth and tell the truth
All for one and one for all
Arm in arm, side by side
We'll never run or never hide
We'll never give up, we'll never give in
We'll raise our fist and fight to win

[Chorus:]

There's a new generation of kids in the city
There's a new generation of kids like you and me
There's a new generation of kids in the city
There's a new generation of kids like you and me ! ! !

Stick together and we make a change
Punx and skins we're all the same
We're working class and we're proud
Together we shout, shout it out LOUD !
Join the team and carry on the scene
United we stand, divided we fall
Hey you all, we're the best
So sing along and tell the rest !

[Chorus]
