Can I tell you
All that you are to me, girl?
You're really something
And I give all my love to you
I don't if you feel as much as I do
All I know is you're the one for me
Always and forever

I wanna tell you I love you
And it's all right
Can you see how I feel when I'm near you?
Cos it's all right
I'll be the one to come hold you
Cos it's all right
I will always be with you

Don't you know
How my heart beats inside now?
Ain't it something the way that
You make me feel all right?
Ain't it something
How my heart feels alive now?
And it's all because
You were there beside me

I wanna tell you I love you

And it's all right
Can you see how I feel when I'm near you?
Cause it's all right
I'll be the one to come hold you
Cause it's all right
I will always be with you

I don't know if
You feel as much as I do
All I know is you're the one for me
Always and forever

I wanna tell you I love you
And it's all right
Can you see how I feel when I'm near you?

Cause it's all right
I'll be the one to come hold you
Cause it's all right
I will always be with you

I wanna tell you I love you
And it's all right
Can you see how I feel when I'm near you?
Cause it's all right
I'll be the one to come hold you
Cause it's all right
I will always be with you
