They like fashion
It's an obsession
Working like fools
They like fashion
It's an obsession
To fit in with their rules
Women get mad
when they're too fat
They wanna be
like the beauties on the TV
Day by day
night bu night
She 's like a puppet on a string

FASHION FREAK
Change your clothes every week
FASHION FREAK
You never feel ok
FASHION FREAK
You throw 'em away

FASHION FREAK
You never feel ok

Mirror mirror on the wal
Paris,Londen and Tokyo
Mirror on the wal
you're just another BARBIECLONE
women get mad,
when they're too fat
they wanna be like the beauties on TV
She's talking in circles,
she's talking shit
A greedy cunt is what she is
