

## Funeral Fog "Graveland"

As I journey upon the footpath  
Entering graveland  
Somber whispers from sentient spirits  
Beckon me  
Past the ancient graves  
The archaic tongues are bewildering

Arcane mists rise upon the ground  
Enshrouding me with fear  
Lurching forward and suffocating  
Voices from aeons past are near  
Eternal spirits command me  
Through the dark forest  
Mystical ghosts are calling my name

Frozen with fear I stand forlorn  
Whispering enchanted voices  
Channeling through my mind  
My fate was foreseen ages ago  
... Destiny is forever dead

Graveland... Forever dead...
