The stars will be your night lights tonight  
And I will be your lullaby

They dragged it up  
And I continued with the beatings  
And how you bleed  
Oh yes, you could bleed forever

And it burns and leaves the rope tied tonight  
Ooh, it burns and leaves the rope tied

The stars will be your night lights tonight  
And I will be your lullaby

Another finger lost  
What use do you have for those eyes in your head  
You took and killed  
Everything about me

Ooh, it burns and leaves the rope tied tonight  
Ooh, it burns and leaves the rope tied

The stars will be your night lights tonight  
And I will be your lullaby  
When the stars will be your night lights tonight  
And I will be your lullaby, so goodnight

We're so disgusted with it  
And you took your sweet time  
So let's get out of this town  
So let's get out of this town

So disgusted with it  
And you took your sweet time  
So let's get out of this town  
So let's get out of this town  
And start this day all over and all over again

Just like the good old days  
You wipe the stains from off of your face  
Just forget her and just forget her and  
Just like the good old days

You wipe the stains from off of your face  
And forget her and just forget her

The best liar I heard all day  
You're too much of a good thing  
Too much of a good thing
