Revealing your desire  
Upon these ashes  
In your fear  
It will swallow the river that divides

There's no life in here at all  
To seek this self decay  
There's no life in here at all  
To take these dreams away

This burning ever  
Will conquer all you see  
And this burning ever  
Will bury your heart

There's no life in here at all  
To seek this self decay  
There's no life in here at all  
To take these dreams away

So what are we all built upon

Soon fragile in decay  
What are we all built upon  
To take these dreams away

Why need a  
Why need a new faith  
When the old is still ok  
Will you still  
Will you still love this  
As the interest in it fades away  
As it fades away  
As the interest in it fades away  
It fades away  
The interest in it fades away
