Riding in the north  
Bareback on a stygian horse  
Nordic icy winds  
A colder winter now begins  
Up above  
Grim foreboding skies  
Oceans grow violent with their tides  
Bloodied waters rise

Beaten lands of driven snow  
A barren glacial plateau  
Abysmal souls in the dark  
Riding in the north

Realms of frigid ice  
The home of sacrifice  
The torches guide our way  
To the throne of decay  
From down below  
Violent dragonbirths  
The wraiths start to rise  
Beasts spring up from the earth

Beaten lands of driven snow  
A barren glacial plateau  
Abysmal souls in the dark  
Riding in the north

Riding in the north  
Riding in the north  
Riding in the north  
Riding in the north
