Killing you  
Might be the only chance I have of recovery  
But I know it's oh severe  
So you knew it would be  
The punishment it fits the crime

So let's take this knife  
And run it down your chest  
Does this feel like love?  
Here we are waiting

So let's take this knife  
And run it down your chest  
Does this feel like love?  
Here we are waiting

The light looks good against  
The bruises on your cheek  
Another medal that you have  
To hold this week

The light looks good against  
The bruises on your cheek  
Another medal that you have  
To hold this week

Killing me  
Might be the only chance you have of recovery  
But I know it's oh severe  
So you knew it would be  
The punishment it fits your crime

So let's take this knife  
And run it down your chest  
Does this feel like love?  
Here we are waiting

So let's take this knife  
And run it down your chest  
Does this feel like love?  
Here we are waiting

The light looks good against  
The bruises on your cheek  
Another medal that you have  
To wear this week

The light looks good against  
The bruises on your cheek  
Another medal that you have  
To wear this week

You and I will die alone tonight  
You and I will lie alone tonight  
You and I will die alone tonight  
You and I will die alone

The light looks good against  
The bruises on your cheek  
Another medal that you have  
To wear this week

The light looks good against  
The bruises on your cheek  
Another medal that you have  
To wear this week
