I'll never understand
Why I have been saved
The sea sings its master plan
Over the waves

Sun rise upon the line
Buckling drift
The path that I walked along
Is lost in the drift

So far away from my home
Will the stars return?

The wave of oppressive lights
This colorless storm
At peace with the thirst inside
Away from the swarm

Moments of peace will come
The wind at my heels
My body's lifeless age
Is lost to its feel

So far away from my home
Will the stars return?
Home is where I needed you
Salvation in dreams

Heaven above me, water below me
How can I survive this?
Swallow the sea, blood draining me too far
And I cannot stand it

And I cannot stand it anymore
And I cannot stand it anymore
And I cannot stand it anymore

Collusus returning, mountain is singing
Fish are fresh from the killing
Breath hitting me return to the sea to sleep

He tries to command it, Elanor

He tries to command it, Elanor
He tries to command it

Dearest hope has gone away
Swaying out so far from me
Golden hair to palm my sway
Sweetest wave
Bring me home, bring me home

Bring me home
Bring me home
Bring me home
Bring me home
