Cold soul  
In league with wolves

Refuge  
In the snow  
In heat with wolves

Call of the wild  
Beckoning me  
Living in woods and dreary caves  
Call of the wolf  
Spewing from me  
Down on all fours to howl at the moon

Falling upon  
Weary travelers  
Nothing to eat for several moons  
Salivating  
Eager for blood  
Feasting with my wolfen kin

Eyes gleam  
In league with wolves

Wolfchild  
Far from home  
Raised by wolves

Full moon  
In league with wolves

The thrill  
Of the hunt  
I am a wolf

Bark at the moon  
Bark at the moon  
Bark at the moon  
Bark at the moon
