The luminous dissolves as the blinding light makes
Place
For the black flame that beholds the dragon's
ferocious
Blaze

Oh mighty Tiamat Thou who enlightens our hearts
Hear the call of thy servants Like thou we rose from
The deep
The black waters wherein lies the hidden magic lore
Well of forbidden knowledge The black magic of Apsu

The gods have weakened Now it's the time to join in
Darkness
Ti-amat E-Zi-Ti Ti-Amat Shap-Li-Ti
For ever to be joined again within the waters of Engur
The gates are about to be opened and chaos shall
return

Ti-amat E-Zi-Ti Ti-Amat Shap-Li-Ti - Join in Darkness
And return

Oh origin of origins
Engur Within which lies the knowledge of all

Give place to the dragon within the black ocean
That once brought life shall now bring death!

Tamtim Gallatim Marattu
That evil may return to the waters of origin

Oh mighty Tiamat Thou who enlightens our hearts
Hear the call of thy servants Join in Darkness and
Return

Tamtim Gallatim Marattu
That evil may return to the waters of origin
