It lay hidden for ages  
Covered with dust of old  
The veil is taken away  
And it can clearly be seen

Revelation...

The spirit of god is dead!

Seven churches  
Burned to the ground

Mysteries of the kingdom of god  
Unveiled...

We are the wicked  
And we do understand  
We are the wise ones

And denounce the dead spirit  
With the wisdom of our master  
We crush the Holy Ghost

The lake of fire  
Will swallow the holy land  
Heaven and earth  
Pass away

Resurrection of the wicked  
We shall rule again!  
The wicked are the wise  
Raised by the true father of men
