We are back in our minds, again
We are back in our minds, again
We are back in our minds, again

We don't fight no more
We don't close that door
This time for sure
We can't stand no more

Fussin' and a-cussin' each other
Souls to your brother
Livin' in this world we all live in

We are back in our minds, again
We are back in our minds, again
We are back in our minds, again

We don't fight no more
We don't close that door
This time for sure
We can't stand no more

Fussin' and a-cussin' each other
Souls to your brother
Livin' in this world we all live in

Back in our minds again
