Yeah, gotta be, gotta be freak of the week  
Ooh, gotta be, I gotta be freak of the week  
Yeah, gotta be, I gotta be freak of the week

She's a big freak, going to be freak of the week  
She's a disco rockin' mama, at the disco's where you'll  
find her  
She's a big freak, tell by the company she keeps  
She's a disco lovin' mama, at the disco's where you'll  
find her

Gotta be, she got to be freak of the week, yeah  
Gotta be, got to be freak of the week, ooh  
Gotta be, got to be freak of the week, yeah  
She got to be freak of the week

She's a big freak, going to be freak of the week  
She's a dancing interpretation of the meaning of  
syncopation  
She's a big freak, going to be freak of the week

Don't give her that one move groovalistic, that disco  
sadistic  
That one beat up and down, it just won't do  
Don't give her that forever and ever foreplay  
She's not looking for the short way  
Got to reach a point where she gets off

She's a big freak, going to be freak of the week  
She's a disco rockin' mama, at the disco's where you'll  
find her  
She's a big freak, going to be freak of the week

Gotta be, I got to be freak of the week, yeah  
Gotta be, I got to be freak of the week, ooh  
Gotta be, I got to be freak of the week, yeah  
Gotta be, I got to be freak of the week, ooh

Gotta be, I got to be freak of the week, yeah  
Gotta be, I got to be freak of the week, ooh  
Gotta be, I got to be freak of the week, yeah  
Gotta be, I got to be freak of the week

She's a big freak, going to be freak of the week  
She's a disco rockin' mama and at her disco's where  
you'll find her  
She's a big freak, freak freak freak, going to be freak  
of the week

Don't give her that one move groovalistic, that disco  
sadistic  
That one beat up and down, it just won't do  
Don't give her that forever and ever foreplay  
She's not looking for the short way  
She's got to reach a point where she gets off

Great big freak, she got to be freak of the week

She's a big freak, she got to be freak of the week, oh  
yeah  
Dancing interpretation of the meaning of syncopation  
She's a big freak, freak freak freak, got to be freak of

I'm a disco rockin' mama and disco's where you'll find  
me  
Freak freak, I got to be freak of the week  
I'm a dancing interpretation of the meaning of  
syncopation

She's a big freak, freak freak freak, got to be freak of
