Bootsy, Sly, Funkadelic, oh, these?
As is
(That's that?)
It's a funk attack, if you got the front, uh
Then I've got your back, baba

Roll, Uncle Jack
[Unverified]
Hey, put it where the shock on
[Unverified]
Put it on the one, ah, on the one
On the one, on the one, on the one

You keep holding me back
Put it where you know it belong
Just a silly millimeter longer
Funk gets stronger

Funky power by the hour
Funk will sit and sit and never go sour
Funky power

Funk gets stronger
As it goes longer
Just a silly millimeter longer
Funk gets stronger

Funky power by the hour
Funk will sit and sit and never go sour
Funky power

You keep holding me back
Put it where you know it belong
You keep holding it back
You got to put it where you know it belong

You keep holding it back, Jack
Put it where it belong
You keep holding it back
Put it where you know it belong

Roll call, she boogie

Check us out
Roll call, she boogie
Check us out

Roll call, she boogie
Check us out
Roll call, she boogie
Check us out

She like to ball, she boogie
Check, check us out
She like to ball, she boogie
Check us out

Funk gets stronger
As it goes longer
Just a silly millimeter longer
Funk gets stronger

Funky power by the hour
Funk will sit and sit and never go sour
Funky power

You keep holding me back
Put it where you know it belong
You keep holding me back
Put it where it belong

You keep holding me back, jack
Put it where it belong
You keep holding me back
Put it where you know it belong

Roll call, she boogie
Check us out
Roll call, she boogie
Check us out

Roll call, she boogie
Check us out
Roll call, she boogie
Check us out

She like to ball, we boogie
Check us out
She like to ball, we boogie
Check us out

She like to ball, we boogie
Check us out
She like to ball, we boogie

Check us out

You keep holding me back
Put it where you know it belong

Funk gets stronger
Funk gets stronger
As it goes longer

You keep holding me back
Put it where it belong, yeah
Put it where it belong
Put it where you know it belong

You keep holding me back
Put it where you know it belong

Funk gets stronger
As it goes longer
Just a silly millimeter longer
Funk gets stronger
