I left the harbor late this night. The sky is dark, stars
sparkles bright!
I'm heading out on open sea,
The feelings hit me like a gale and I was far beyond the
pale, Regret fullness is killing me.
Once I though this was what I wanted,
if this is freedom I don't want to be apart of it!
Can you hear me, scream and shout! There's one star
you can't put out!
There's a flame that burn the candle down, head up
and kneel to the ground.
Please listen what I have to say, before you walk your
own way.

There Is A Kingdom and you know its true, it's a
kingdom for me and you.

(Chorus)

I'm walking through the wall, I scream as I fall.
Can you hear me? Our shadows left us all.
Can you hear me? This is the Boatman's call!

What am I to you now?
Can you share your love somehow?
Can I get another chance?

The time we had and shared, you know it makes me
scared, in this miserable romance.
Its a game that I Won't play, if I there's no chance that
you will stay, this one thing I can not get,
You play my heart like Russian roulette.
You can run but you can't hide, so face me and swallow
your pride!
I've got one last thing to say,
so just don't walk away.

There Is A Kingdom and you know its true, it's a
kingdom for me and you.

(Chorus)

I'm walking through the wall, I scream as I fall.
Can you hear me? Our shadows left us all.
Can you hear me? This is the Boatman's call! (x2)
