Before We Die

Can the creatious night learn to prototize?

The sun sealed the day, after painting canvas sky
beautifully.

And now I watch the people rolling by my window,
Wondering if they have found what they are looking
for.

'Cause everyone has, *has that* song inside that will
forever keep us alive.

So where are you? Oh, my listless one.
Are you still there writhing in what is gone? Because
If we don't go within then we may go without
Elation left to follow the silhouette of secrets.

Protruding evening, perhaps searching for
A new world before, before they die.
"Cause everything wants to give its gift to this silent
world.

Before they die.
Die.

Where are you, oh listless one?
Are you still there writing a sad song?
And will protect our love and, oh! how I long for
The rolling hills covered in nothing green grass
Where our thoughts will in touch our skin.

Can the creations night learn to prototize?

The sun sealed the day, after painting canvas sky
beautifully.

And now I watch the people rolling by my window,
Wondering if they have found what they are looking
for.

'Cause everyone has, *has that* song inside that will
forever keep us alive.

'Cause everything wants to give its gift to this silent
world

Before they die.
Die.
