Going to India when the love breaks

Going to India watch all elephants  
Strap us in, 'cause the bass can't get us like an old  
guitar  
There's a place full of waste free tears  
Fly away from the pain  
Left nothing too exact to create yourself  
Everyday I'm the colour-blind, missing time  
Gotta go 'cause I know I should've flown  
If you know I'd say yeah I'm renowned

'cause it feels like my love has lost itself  
Going to India, watch the men charm the snakes

Going to India when the love breaks

Run away from the pain  
When you're chasing a dream  
'Cause you know that there's nothing left to lose  
Get up high when you go 'cause you know  
Find a place where you'll face into haze  
That she's bumping inside and she needs to scream  
And the dark shade feeling that captivates  
Don't change your ways  
Put faith into nature, that is, invent yourself  
And, oh, how confusing this love can be  
You get the fuck out

But don't you lay... don't lay  
Going to India watch all elephants  
Going to India when the love breaks

Strap us in, 'cause the bass can't get us like an old  
guitar  
Fly away from the pain  
There's a place full of waste free tears  
Gotta go 'cause I know, should've flown  
Everyday I'm the colour-blind, missing time  
Left nothing too exact to create yourself  
If you know I'd say yeah I'm renowned  
'cause it feels like my love has lost itself

So fly away  
Don't you fly away  
Don't fly away  
Don't you fly away
