Oh oh oh oh-ho

All my life I never wanted to cause pain
To anyone's heart but these words are in vain
She's grown as angry as a furious night sky
So gather children and prepare me for the sacrifice
A soul is full of hate requires retribution
What happened to the flash evolution?
See me standing naked in a pool of my blood
Prepare yourselves as the tears gather for the flood

But don't you wonder if I love her

Oh welcome to love core
Don't you wonder if I love her
Don't you ever think didn't care

Now my friend I decide to travel through my mind
Guilty killed so are you ready to die?
Now I feel like the fucker(?) who ruined thru life
We are forever walking here so what we despise
Feels like the care is resting in a real love
Sometimes it seems like the little this is full of loss
Well sometimes you can't defy the ocean
Gather children come and carry me to the cross

Don't you ever think I care?
Don't you wonder if I love her?

Don't you ever think didn't care?
Oh welcome to love core
Don't you wonder if I love her?
Don't you wonder if I love her?
Oh welcome to love core

Don't you ever think didn't care
Another salt in her hand
When she peels off my skin
Oh welcome to love core

Anyone's heart but these words are in vain
All my life I never wanted to cause pain

She's grown as angry as a furious night sky
So gather children and prepare me for the sacrifice
What happened to the flash evolution?
A soul is full of hate requires retribution
See me standing naked in a pool of my blood
Prepare yourselves as the tears gather for the flood
And don't you wonder if I love her

Don't you ever think didn't care
Oh welcome to love core
Don't you ever think didn't care
Don't you wonder if I love her
Love core

Oh welcome to
Love core
Love core
Love core
