His parents died, shot in the head  
Killed by his unit alone at night  
They took the kid and gave him drugs  
They gave him guns, taught him to kill

Bridge:  
He's still a child  
But now a soldier  
Can't comprehend  
What's going on

Chorus:  
The gun's weight's almost too heavy for his tiny little  
hands  
All he learned has no more value and he has lost all his  
friends  
Only soldiers now surround him, kids who used to be  
his pals  
But the past is now forgotten, he just went straight to  
hell

His mind is drugged, no feelings left  
A perfect killer, who obeys?  
Now he's killing the innocent  
To get more orphans for recruitment

Bridge:  
He's still a child  
But now a soldier  
Can't comprehend  
What's going on

Chorus:  
The gun's weight's almost too heavy for his tiny little  
hands  
All he learned has no more value and he has lost all his  
friends  
Only soldiers now surround him, kids who used to be  
his pals  
But the past is now forgotten, he just went straight to  
hell
