an open door an invitation  
to join in this new world  
I took the chance despite the danger  
all I saw was "follow me"

I lived this new exciting life  
like every day on ecstasy  
pretty soon I got addicted  
lost my personality

I was floating for a while  
drifting through this metaverse  
and day by day the distance grew  
I left behind reality

I lost contact with myself  
acting merely like a puppet  
where someone else pulled all the strings

used me like a brainless zombie

I am lost  
I can't see the ground  
and what's lost  
can never be found

lost forever  
condemned and betrayed  
lost my faith  
I was the bait
