Thinking and learning  
Calculating and computing  
Reading, memorizing  
Talking and apologizing

3D and efficient  
Appraising this attitude  
Four steps, comprehend?  
Here is nothing to include

Acting without moving  
Illustrating without speaking  
Turning into transforming  
Your body into mind

Acting without moving  
Illustrating without speaking  
Turning into transforming  
Your body into mind

Brain dead, no excuse  
Leaving a useless shell  
Control of the system  
Only with your mind

Acting without moving  
Illustrating without speaking  
Turning into transforming  
Your body into mind

Acting without moving  
Illustrating without speaking  
Turning into transforming  
Your body into mind

3D and efficient  
Appraising  
Four steps  
Here is nothing to include
