You have seen the soldiers dying  
And you have survived  
Maybe there's a reason why  
You are still alive

Now you live a normal life  
Founded a family  
But in the night you hear them scream  
Scream in agony

You will not sleep tonight  
Hear the voices of the dead  
They will tell you what is right  
And will take your breath

You will not sleep tonight  
Hear the voices of the dead  
They will tell you what is right  
And will take your breath

You can't escape your fate  
Try to hide or try to run  
Unable to forget  
What you have done

What you call your conscience  
Are the voices of the dead  
Isolated souls  
Which cannot rest in peace

You will not sleep tonight  
Hear the voices of the dead  
They will tell you what is right  
And will take your breath

You will not sleep tonight  
Hear the voices of the dead  
They will tell you what is right  
And will take your breath

You will not sleep tonight  
Hear the voices of the dead

They will tell you what is right  
And will take your breath

You will not sleep tonight  
Hear the voices of the dead  
They will tell you what is right  
And will take your breath
